super product quality !

ABOUT US

This group is the brainchild of professionals who during their years of interactions/ exposure in various capacities in the API, Nutrition, and allied industry realized that a discerning buyer in industry requires, apart from cost-effectiveness and reliable service, perpetual information about the latest innovations and all other developments/ happenings in the line. Founder's of this group are widely travelled, highly dedicated, and focused persons.

They carefully collect all possible information and data like honey bees collecting nectar to cater the need of the clients. The importance of this idea in this fast-changing and competitive world cannot be overstated and the group with this deep conviction has been keeping in close touch with all its clients and sources. To sum up, the group takes serious care about quality, pricing, packing, and promptness in service through regular and active interactions.

VYOMCHEM SPECIALTIES is a single-stop source of best-in-class quality, reasonable pricing and unrivaled service.
